In Progress :
- Agile methods

AI Developer

I have a great interest in the application of AI in Biomedical and would like to invest myself professionally in this field. My greatest strength is my curiosity which gives me today knowledge in many fields and a strong capacity of adaptation. I like to overcome obstacles in order to improve and expand my field of expertise.
I am currently looking for a work-study program.

Experiences

Ennoïa, Besançon, 02 May 2023 - 19 May 2023

Creation of several programs to optimize the engineers' tasks.

Epilab, Palaiseau, 27 March 2023 - 14 April 2023

Creation of an AI program to count cells under the microscope.

Pizza Bonici, Chatillon-Le-Duc, 2021 - 2022

Multipurpose employee

- Creation of a restaurant from A to Z.
- Rated at 4.8/5 with over 100 reviews on Google during my employment.
